- ABO blood groups and fracture of the femoral neck ..... 75  
 — blood groups and gastric acidity ..... 73  
 — blood groups and stomal ulcer ..... 72  
 Agglutinin. Transplacental passage of leucocyte — occurring on account of pregnancy ..... 55  
 Alcohol block. Experience with — of the lumbar sympathetic trunk ..... 193  
 Antidiuretic. An effect of — hormone on renal excretion of calcium in dogs ..... 110  
 — hormones and their analogues ..... 116  
 Aplasia gonadalis ..... 101  
 Apoplexy. Cerebral — ..... 185  
 Antrum-preserving operation with interposition of jejunum following resection of carcinoma in the upper part of the stomach ..... 132  
 Atresia. The incidence of uterine — after post-partum curettage ..... 50  
 —. Traumatic — of the uterus ..... 44
- Block. Experience with alcohol — of the lumbar sympathetic trunk ..... 193  
 Blood. ABO — groups and fracture of the femoral neck ..... 75  
 —. ABO — groups and gastric acidity ..... 73  
 —. ABO — groups and stomal ulcer ..... 72  
 Breech. Considerations on — presentation as an indication for Caesarean section ..... 117
- Caesarean. Considerations on breech presentation as an indication for — section ..... 117  
 Calcium. An effect of antidiuretic hormone on renal excretion of — in dogs ..... 110  
 Cancer incidence in Denmark 1953 to 1957 ..... 168  
 Carcinoma. Antrum-preserving operation with interposition of jejunum following resection of — in the upper part of the stomach ..... 132  
 Cerebral apoplexy ..... 185  
 Children. Neuropathological findings in — with infantile spasm and hypsarrhythmia ..... 121  
 Chlorpromazine. The glutamic-pyruvic-transaminase and alkaline phosphatase levels in the serum during combined treatment with — and an antihistamine ..... 139  
 Cholelithiasis. Surgical treatment of — ..... 161  
 Coronary occlusion. The epidemiology of — in Denmark ..... 1  
 Curettage. The incidence of uterine atresia after post-partum — ..... 50
- Death. Causes of late foetal — in Denmark 1955—1957 ..... 145  
 Denmark. Cancer incidence in — 1953 to 1957 ..... 168  
 —. Causes of late foetal death in — 1955—1957 ..... 145  
 —. Medico-statistical information from — for the years 1958 and 1959 ..... 217  
 —. The epidemiology of coronary occlusion in — ..... 1  
 —. The mortality from renal diseases in — ..... 58  
 Diagnostic. Gas-filling as a — aid in X-ray examination of the stomach ..... 164  
 Diverticulum of the female urethra ..... 204
- Endocrine. The practical value of sex chromatin examination in — diseases and sexual malformations ..... 104  
 Epidemiology. The — of coronary occlusion in Denmark ..... 1  
 Erythrocytes. Comparative studies on the in vitro uptake of labelled l-thyroxine and l-triiodothyronine by human — in hyperthyroidism and hypothyroidism ..... 89  
 Estriol. Urinary excretion of — during normal pregnancy ..... 95  
 —. Urinary excretion of — in pathological pregnancies ..... 98  
 Excretion. An effect of antidiuretic hormone on renal — of calcium in dogs ..... 110  
 —. Effect of valyl<sup>13</sup>-oxytocin on renal — of sodium and potassium in hydrated rats and dogs ..... 113  
 —. Urinary — of estriol during normal pregnancy ..... 95  
 —. Urinary — of estriol in pathological pregnancies ..... 98  
 Eyes. Is prophylactic treatment of the — of newborn infants still necessary? ..... 128
- Femoral. ABO blood groups and fracture of the — neck ..... 75  
 Foetal. Causes of late — death in Denmark 1955—1957 ..... 145  
 Fracture. ABO blood groups and — of the femoral neck ..... 75
- Gas-filling as a diagnostic aid in X-ray examination of the stomach ..... 164  
 Gastric acidity. ABO blood groups and — ..... 73  
 Glutamic-pyruvic-transaminase. The — and alkaline phosphatase levels in the serum during combined treatment with chlorpromazine and an antihistamine ..... 139  
 Glycogenosis. Generalized — ..... 77  
 Greenland. Pulmonary resection for tuberculosis in — ..... 211
- Habits. Smoking — in twins ..... 82  
 Heart. Macroscopic — changes in 141 consecutive cases of myomalacia cordis ..... 9  
 Hearts. Controlled arrest of isolated perfused rabbit — ..... 134  
 Hormone. An effect of antidiuretic — on renal excretion of calcium in dogs ..... 110  
 Hormones. Antidiuretic — and their analogues ..... 116  
 Hydrodynamics. The — of micturition ..... 63  
 Hyperthyroidism. Comparative studies on the in vitro uptake of labelled l-thyroxine and l-triiodothyronine by human erythrocytes in — and hypothyroidism ..... 89  
 Hypothyroidism. Comparative studies on the in vitro uptake of labelled l-thyroxine and l-triiodothyronine by human erythrocytes in hyperthyroidism and — ..... 89  
 Hypsarrhythmia. Neuropathological findings in children with infantile spasm and — ..... 121

	Immuno-electrophoresis. The theoretical basis and practical employment of —	88	— . Urinary excretion of estriol during normal —	95
	Incidence. The — of uterine atresia after post-partum curettage	50	Prophylactic. Is — treatment of the eyes of newborn infants still necessary?	128
	Infantile. Neuropathological findings in children with — spasm and hypsarrhythmia	121	Psychiatric therapy. Lithium in —	32
	Infants. Is prophylactic treatment of the eyes of newborn — still necessary?	128	Pulmonary resection for tuberculosis in Greenland	211
	Influenza. Streptococcal pneumonia as a complication of —	19	Purpura. Thrombocytopenic — complicating infectious mononucleosis	215
	Interruption of pregnancy by intrauterine instillation of saline	51	Renal diseases. The mortality from — in Denmark	58
	Leucocyte agglutinin. Transplacental passage of — occurring on account of pregnancy	55	Retroperitoneal tumours. Primary —	33
104	Lithium in psychiatric therapy	32	Sex chromatin. The practical value of — — examination in endocrine diseases and sexual malformations	104
1	L-thyroxine. Comparative studies on the in vitro uptake of labelled — and l-triiodothyronine by human erythrocytes in hyperthyroidism and hypothyroidism	89	Smoking habits in twins	82
89	L-triiodothyronine. Comparative studies on the in vitro uptake of labelled l-thyroxine and — by human erythrocytes in hyperthyroidism and hypothyroidism	89	Sodium. Effect of valyl <sup>3</sup> -oxytocin on renal excretion of — and potassium in hydrated rats and dogs	113
95			Steno, Nicolaus — The Danish scientist	24
98			Stomach. Antrum-preserving operation with in-ex chromatin. The practical value of — ex-Valyl <sup>3</sup> -oxytocin. Effect of — on renal excretion —. Gas-filling as a diagnostic aid in X-ray examination of the —	164
110	Male. Urogenital tuberculosis in the human — Malformations. The practical value of sex chromatin examination in endocrine diseases and sexual —	13	Streptococcal pneumonia as a complication of influenza	19
113	Medico-statistical information from Denmark for the years 1958 and 1959.	217	Suicide notes	62
95	Micturition. The hydrodynamics of —	65	Surgical treatment of cholelithiasis	153, 161
98	Mononucleosis. Thrombocytopenic purpura complicating infectious —	215	Sympathetic trunk. Experience with alcohol block of the lumbar —	193
128	Mortality. The — from renal diseases in Denmark	58	Therapy. Lithium in psychiatric —	32
	Myomalacia cordis. Macroscopic heart changes in 141 consecutive cases of —	9	Thrombocytopenic purpura complicating infectious mononucleosis	215
75			Transplacental passage of leucocyte agglutinin occurring on account of pregnancy	55
145	Neurological complications after vaccination against poliomyelitis	142	Traumatic atresia of the uterus	44
75	Neuropathological findings in children with infantile spasm and hypsarrhythmia	121	Tuberculosis. Pulmonary resection for — in Greenland	211
	Newborn. Is prophylactic treatment of the eyes of — infants still necessary?	128	— . Urogenital — in the human male	13
164			Tumour. A case of virilizing ovarian —	108
73	Ovarian. A case of virilizing — tumour	108	Tumours. Primary retroperitoneal —	33
			Twins. Smoking habits in —	82
	Phosphatase. The glutamic-pyruvic-transaminase and alkaline — levels in the serum during combined treatment with chlorpromazine and an antihistamine	139	Ulcer. ABO blood groups and stomal —	72
211	Pneumonia. Streptococcal — as a complication of influenza	19	Urethra. Diverticulum of the female —	204
82	Poliomyelitis. Neurological complications after vaccination against —	142	Urinary excretion of estriol during normal pregnancy	95
9	Post-partum. The incidence of uterine atresia after — curettage	50	— — of estriol in pathological pregnancies.	98
134	Potassium. Effect of valyl <sup>3</sup> -oxytocin on renal excretion of sodium and — in hydrated rats and dogs	113	Urogenital tuberculosis in the human male	13
110	Pregnancies. Urinary excretion of estriol in pathological —	98	Uterine atresia. The incidence of — after post-partum curettage	50
116	Pregnancy. Interruption of — by intrauterine instillation of saline	51	Uterus. Traumatic atresia of the —	44
65	— . Transplacental passage of leucocyte agglutinin occurring on account of —	55	Vaccination. Neurological complications after — against poliomyelitis	142
89			Valyl <sup>3</sup> -oxytocin. Effect of — on renal excretion of sodium and potassium in hydrated rats and dogs	113
89			Virilizing. A case of — ovarian tumour	108
121			X-ray. Gas-filling as a diagnostic aid in — examination of the stomach	164
